TORKS TALK

September, 2013

The Oklahoma Radio Kontrol Society Official Newsletter

The next TORKS club meeting will be Tuesday October 1, 2013 at the Will Rogers Garden Center on the corner of NW 36th and the Lake Hefner Parkway overpass. Meeting starts at 7:30 PM.

Notes from the September 2013 TORKS meeting

The meeting was brought to order by V.P. Mark Grennan as President Gary Crews was out of town. Mark thanked the helpers on the Work/Burger Burn/Night Flight day, August 17th. He recognized the contribution of Ken Kehlet for getting

the food for the cookout. He reported satisfaction with the Work Day results. The field was mowed and the gate was aligned and reinforced with concrete.

Mark recognized the contribution of Tom Solinski in the role of Lead Instructor. Tom has resigned the position due to demands on his time. Mark welcomed Ken Kehlet as new Lead Instructor. He also recognized Gary Potter's contribution to the TORKS RC Pilots' Training program.

TORKS formal RC Pilots' training program has ended as of September 30 for this year.

Equipment maintenance was discussed. New tires are needed for the Sears mower and generator repair was also discussed. Plans were made to address these items.

It was noted that the tree behind the bleachers has died. A proposal was made that the club move the bleachers south where a living tree stands that can provide shade over the bleachers.

Treasurer George Burton reported that the club has \$8340.00 in its treasury. The Burger Burn food was matched by donations so this event did not cost the club any additional funds from the treasury.
